26 DECEMBER 2023

Dear Ms. Bognar

I hope this message finds you well. I am reaching out to express my interest in the potential opportunity to contribute as a Product Management Intern at Bitpanda.

As a 17-year-old student with a background in full-stack development, I have gained valuable insights into the development aspects of a Tech-company in a startup environment. My internship experience allowed me to immerse myself in all stages of development, including frontend-/backend-development and database management, sparking an interest in exploring the business side of a Tech-company.

The area of technology and business that intersects, is one I find particularly fascinating, and I believe that my unique blend of technical skills, coupled with a passion for all aspects of business, could potentially make a contribution to Bitpanda's objectives.

While I am aware that there might not be a current opening for a Product Management Intern, I am willing to discuss how my skills and enthusiasm align with Bitpanda's goals.

I would be grateful for an opportunity to discuss my potential contribution to Bitpanda in more detail. Thank you for considering my expression of interest, and I look forward to the possibility of contributing to Bitpanda's innovative and dynamic environment.

Sincerely,

Maximilian Schatz
